CONFIDENTIAL

Reported meeting of C [ ] and [ ] (b).

Reference: DDCI 3570, 5 August 1952

As part of a thorough review of DECASING (b) team operations, an attempt is being made to check all sources for possible leads to security leads. The referenced cable is certainly one lead which should be followed if the trail is not too cold. We would, therefore, be grateful if C [ ] would joggle the memories of any contacts who might be helpful at this late date. We would be particularly interested in learning if anything of interest developed in the subsequent meetings between DECASING and C [ ] foreshadowed in paragraph five of the reference.
